Lowell April 18. 1845

Dear Mrs Chapman — Though I am not personaly acquainted with you — permit me to address you in behalf of the Slave.

There are some very worthy and intelligent Ladies here who are desirous of forming themselves into an Anti Slavery Society. They wish to have it based upon Pure and Genuine anti slavery principals. — And in order to do so I am called upon in their behalf to Solicit of you the favour to Send me a Copy of the Constitution of the Boston Female Anti Slavery Society. that they may have it to draft another by adapted to Lowell. I doubt not you will deem it a pleasure to grant Such favour

Those Ladies Seem to be imbued with the Same Kind and benevolent Spirit of yourself in the Cause of Anti Slavery They had ought to have all possible incouragement. There is a right Steele of feeling and a large field for anti Slavery operations Here Those ladies I think will improve it. — A little insight given them in business — Capacity is all that is required for them to commence the glorious work. — If it will be your pleasure to grant the favour I ask. Please forward a Copy early this week. And they will be particularly grateful to you. Please direct it to me.
